

Lamborghini Esperienza Corsa: Thunder Meets Lightning in Southeast Asia

The Revuelto makes its dynamic debut at Sepang International Circuit

Kuala Lumpur, 9 October 2024 – Esperienza Corsa reaches its pinnacle as thunder meets lightning on Southeast Asian shores, with the dynamic debut of the Lamborghini Revuelto¹ from October 7 to 9 at the Sepang International Circuit in Malaysia.

The Revuelto is Lamborghini's first super sports V12 hybrid plug-in HPEV (High Performance Electrified Vehicle). Revuelto defines a new paradigm in terms of performance, sportiness and driving pleasure from its unprecedented new architecture; innovative design; maximum-efficiency aerodynamics; and a new carbon frame concept. The vehicle accelerates from 0-100 km/h in only 2.5 seconds and a top speed of more than 350 km/h. With its exceptional dynamism and versatile driving modes, the Revuelto super sports car expresses its amplified qualities both on track and in daily driving.

Designed as a half day track-based driving experience guided by professional instructors, Esperienza Corsa allows guests to discover both their own limits and those of the Revuelto. Alongside the action on track, guests are treated to authentic Italian gourmet food and refreshments in the hospitality lounge as well as within the pit-lane.

Held at Sepang International Circuit, one of Southeast Asia's foremost motorsports venues, Esperienza Corsa is the perfect testing ground for customers to experience the performance and emotion of driving behind the wheel of the Lamborghini Revuelto on track. The 5,543-meter long track features 15 corners and 8 straights including two high-speed stretches, which allow the Revuelto's remarkable performance and handling capabilities to be fully unleashed. The circuit also plays host to Round 1 of the Lamborghini Super Trofeo Asia.

"With the Revuelto, Lamborghini has established a new benchmark in performance, on-board technology, and driving pleasure. It has been designed and developed to deliver the ultimate driving experience. I am excited for our customers to be able to experience the most emotive and superior level of driving with the Revuelto, our first V12 HPEV on track for the first time," commented Francesco Scardaoni, Region Director of Automobili Lamborghini Asia Pacific.

The Esperienza Corsa is one of Lamborghini's exclusive driving programs that offer customers professional test drive experiences and access to the world of Lamborghini. Bridgestone, Lamborghini's tire partner for the Revuelto, has developed bespoke Potenza Sport tires to enhance the new car's sporty and high-speed capabilities.

¹ Consumption and emission values of Revuelto: Fuel consumption Combined: 11,86 l/100km; Power consumption Combined: 10,1 kWh/100 Km; CO2 emissions Combined: 276 g/km; CO2 Efficiency class Combined: G; Fuel consumption with discharged battery Combined: 17,8 l/100km; CO2 efficiency class with discharged battery: G; WLTP values
