

## Lamborghini: the new hybrid range collects awards worldwide

### Revuelto, Urus SE and Temerario receive awards for design, performance and driving experience from the top automotive media

**Sant'Agata Bolognese, 30<sup>th</sup> January 2025** – 2024 was an extraordinary year for Automobili Lamborghini, not only for the brand's unprecedented commercial results with 10,687 cars delivered, but also for the prestigious international awards bestowed on its new models launched since March 2023: Revuelto, Urus SE and Temerario. In each of the three global markets, Americas, Europe and Asia, every Lamborghini received awards for their performance, design and driving experience, earning a place of honor in the rankings published by the most influential international media and organizations.

The Lamborghini Revuelto<sup>1</sup>, the first model in the brand's High Performance Electrified Vehicle range, equipped with a V12 engine, was feted as "Car of the year" by six media outlets and international organizations, and received two awards for its technical and design features. In the United States, **Road & Track** magazine named the Revuelto their "2025 Performance car of the year" in recognition of its technical features, exceptional performance, and unrivalled driving experience. In addition, it was named "Best supercar" by **Robb Report**, "Sports car of the year" by **Esquire**, and won the "Cool car cup" awarded by **Motor1.com**. Standing out for its iconic design, the Revuelto was also a winner of the "2024 Good Design® Award" in the Transportation category, a recognition bestowed by the **Chicago Athenaeum: Museum of Architecture and Design**.

In Asia, the Revuelto received three important recognitions: in India it was designated "*Supercar of the year*" at the **Motoring World Awards 2025**; in Singapore it was named "*Super luxury hybrid coupé of 2024*" by **OneShift.com**; and it appeared on the prestigious list "*The year in cars – 2024*" published by **The Edge**.

The Lamborghini Urus<sup>2</sup> continues to be the touchstone of the Super SUV category. Presented dynamically last year in its hybrid version, the Urus SE, it earned the title of "*Best car 2024*" in the luxury SUV category from the German magazine **Auto Motor und Sport**. It also won first place in the category reserved for outstanding cars during the **Sport Auto Award 2024** event organized by the German magazine **Sport Auto**. The Swiss magazine **Auto Illustrierte** named it the winner of the category "*The most popular car brands and models of 2024*". And last but not least, the Urus SE's entirely renewed interior and instrumentation won the "*Dashboard of the year*" title during the **Automobile Awards 2024**, held in Paris.

The Lamborghini Temerario<sup>3</sup>, unveiled in a world premiere in 2024 at **The Quail, A Motorsports Gathering** in Pebble Beach, immediately fueled expectations in line with the brand's forecasts. Even though the Temerario has not been officially launched on the market, it received the award for "*The cars we can't wait to drive in 2025*" at the **Top Gear Awards** and was included on the list of "*Cars we're most looking forward to drive in*"

---

<sup>1</sup> Consumption and emissions values of Revuelto: Combined fuel consumption: 11.86 l/100 km. Combined energy consumption: 10.1 kWh/100 km. Combined CO2 emissions: 276 g/km. Combined CO2 emission efficiency class: G. Combined fuel consumption with low battery: 17.8 l/100 km; Combined CO2 emissions and discharge battery efficiency classes: G; WLTP.

<sup>2</sup> Consumption and emissions values of Urus SE: Combined fuel consumption: 2.08 l/100 km. Combined energy consumption: 39.5 kWh/100 km. Combined CO2 emissions: 51.25 g/km. Combined CO2 emission efficiency class: B. Combined fuel consumption with low battery: 12.9 l/100 km. CO2 efficiency class with low battery: G; WLTP

<sup>3</sup> The vehicle is not yet offered for sale and is therefore not subject to Directive 1999/94/EC. Fuel consumption and emissions data are still undergoing type testing.

## Media Information

2025” by the American magazine **CarBuzz**. In addition, the Temerario was named “*Best hybrid sports car*” in Qatar, at the **Arab Car of the Year 2024** awards organized by **Maqina Magazine**.

With all these successes, Lamborghini’s new range is once again confirmed as synonymous with no-compromise excellence, innovation and performance, and highly desirable.
