

## **Lamborghini Esperienza Corsa: Temerario unleashed at Sepang International Circuit**

### **Guests from across Southeast Asia experience the “Fuoriclasse” super sports car on track**

*Kuala Lumpur, 29 April 2026* – Against the technically demanding backdrop of Sepang International Circuit, guests from across Southeast Asia experienced the Lamborghini Temerario’s “Fuoriclasse” character at Esperienza Corsa Sepang, held from 24 to 27 April under the guidance of professional instructors.

The Temerario presents itself as the new benchmark in the super sports car segment, thanks to class-beating performance. Designed, developed from scratch and built in Sant’Agata Bolognese, its new hybrid powertrain combines an entirely new twin-turbo V8 engine with three electric motors, providing a total power output of 920 CV. Redefining the concepts of uncompromising performance, driving pleasure and comfort, the Temerario features the first and only production super sports car engine capable of reaching 10,000 rpm. Its performance is an absolute revelation: maximum speed of over 340 km/h (210+ mph), 0 to 100 km/h (0-62 mph) in just 2.7 seconds.

Esperienza Corsa provides the perfect testing ground for customers to experience the Lamborghini Temerario’s performance and emotion in a track environment. Held at Sepang International Circuit, one of Southeast Asia’s premier motorsports venues, the 5,543-metre-long track features 15 corners and 8 straights, including two high-speed stretches, which allow the Temerario’s extraordinary capabilities to be fully unleashed. The circuit also plays host to Round 1 of the 2026 Lamborghini Super Trofeo Asia season.

Designed as a track-based driving experience led by professional instructors, Esperienza Corsa takes guests on a journey to discover both their own limits and those of the Temerario. Alongside the action on-track, guests enjoyed authentic Italian gourmet food and refreshments in the hospitality lounge, as well as within the pit-lane.

*“The Temerario is a true “Fuoriclasse”, a super sports car that sets a new benchmark in its segment. It combines extraordinary performance, emotional driving dynamics and enhanced everyday usability in one package. We are pleased to bring the Temerario fleet to Malaysia for the first time through Esperienza Corsa at Sepang, offering our customers and media the opportunity to experience it firsthand.”* commented Francesco Scardaoni, Region Director of Automobili Lamborghini Asia Pacific.

The Esperienza Corsa is one of Lamborghini’s exclusive driving programs, offering customers professional test drive experiences and access to the world of Lamborghini.
