

## Lamborghini Revuelto NA63: a Tribute to North America and the Brand's Enduring Legacy

*Sant'Agata Bolognese, 12 May 2026* – Automobili Lamborghini presents the Revuelto<sup>1</sup> NA63, a limited-edition of its first V12 High Performance Electrified Vehicle (HPEV), created to celebrate the brand's most important market: North America. Produced in just 63 units, all destined for the United States and Canada, the Revuelto NA63 pays tribute to a number that is deeply embedded in Lamborghini's DNA. The number 63 recalls the year 1963, when Ferruccio Lamborghini founded the company, and gains further significance in 2026, marking the 63rd anniversary of the brand.

The Revuelto NA63 stands out through a distinctive livery specifically developed to reflect both Lamborghini heritage and the cultural identity of North America. The exterior features bi-color stripes running across the front hood, complemented by coordinated accents on the side skirts, front splitter profiles, and rear diffuser wing elements, creating a cohesive and dynamic visual signature.

The first of four available configurations presents a Blu Marinus bodywork, enhanced by front stripes in Rosso (Red) Mut and Bianco (White) Monocerus Matt. This tri-color combination is a tribute to the United States flag (Red, White and Blue), while the dual-stripe motif also recalls the Canadian flag (Red and White). Rosso Mut accents are echoed across additional exterior details, including the front splitter profile, the side skirts, and the rear diffuser wing profiles, reinforcing the car's bold and recognizable character.

Customers can further personalize their Revuelto NA63 by selecting one of three alternative color configurations: Grigio Serget bodywork with Blu Royal and Bianco Monocerus accents; Bianco Sideralis bodywork with Rosso Mars and Blu Royal details on the hood, echoing the colors of the United States flag; Grigio Acheso bodywork with Nero Nemesis and Arancio Xanto accents.

The Revuelto represents a benchmark in its segment, combining the iconic naturally aspirated Lamborghini V12 engine with a hybrid system delivering a total output of 1,015 CV and 807 Nm of torque. This translates into outstanding performance, with acceleration from 0 to 100 km/h in just 2.5 seconds and a top speed exceeding 350 km/h, redefining performance, driving dynamics, and efficiency. The NA63 edition retains the full technical architecture of the Revuelto, preserving its cutting-edge hybrid powertrain, advanced aerodynamics, and innovative chassis technologies.

With the Revuelto NA63, Lamborghini celebrates not only a milestone anniversary but also the strength of its connection with North America — a market that continues to play a pivotal role in the brand's global success.
